**Phone : (03242) 250741 / 255511 (FAX)**

**E-mail : bankurasammilanicollege@gmail.com**

Bankura Sammilani College was established on 1<sup>st</sup> Sept' 1948 by the Bankura Sammilani Trust, a registered Social service organization, with an altruistic mission of propagating academic enlightenment among the people of Bankura and neighbouring districts. Initially the college was affiliated to Calcutta University, however, subsequently switched over to Burdwan University in the year 1962 and, at present, Bankura University from 01.01.2017

In an existential sense, Geography is destiny. Geographically located in a backward area which has witnessed the invasion of unassailable poverty and impregnable social bazarads, the institution, with an unflinching grit and unwavering determination, has successfully walked over the rough terrains of financial constraints and infrastructural impediment to develop to a full grown co educational institution with Arts, Science, Commerce streams. Under the management of a statutory Governing Body, democratically constituted as per guidelines of the Government of West Bengal, the institution has left no stone unturned, to maintain the pace of development which has been creditably assessed and accredited twice by the NAAC, with the completion of the 2<sup>nd</sup> cycle in the year 2016.

This institution earnestly believes that no dream is distant. So, to cater to the need of the hour, it has developed to a multi faculty co-education institution to accommodate around three thousand students in Arts, Science and Commerce stream. The halcyon academic atmosphere of the college has been deeply cemented with throbbing and vibrant relationship among all the stakeholders of the institution including the teachers, the non-teaching staff members, the administrators of the institution, the Alumni and also the local people. The emotional rapport and the academic bridge between all the people concerned has helped the institution to reach the acme of academic excellence and to achieve glorious laurels in different fields. The performance of the NCC and NSS is highly remarkable as the candidates from this two Departments have participated in the State, National and International platforms. Some of the candidates have participated in the Republic Day Parade in Delhi and also in the BRICS Summit held in Russia.

The institution feels proud to announce that the Post Graduate courses in English have already been introduced from the current academic session (2018-19) and the Post Graduate courses in Chemistry are going to be introduced in the academic session' 2019-2020.

Having considered the need of the hour to make everything transparent and honest, the institution has become completely techsavvy while using e-governance, e-journals, e-administrations and online admission of the students in different streams. This e-governance has been profusely applauded by the stakeholders from their own perspectives. This institution has been struggling hard to cope up with the demand of students to make the education employable and viable, thus helping it to reach the pinnacle of academic excellence and social benevolence.

**75% Class attendance is must in every semester for getting allowed for the each end semester Examination.**

## **VISION :**

To ameliorate the condition of the socially oppressed and traditionally marginalized people by spreading the general education in the area, where many SC/ST and poor agricultural families co-exist, thus continuing the legacy of 'Bankura Sammilani Trust Body', as established in 1911, for overall development of the area of Bankura District.

To train the students' mind towards innovative thinking, because true education, our vision enunciates, does not consist in insipid learning of certain dull facts.

Production of intellectually sound, morally upright, socially concerned and spiritually oriented men and women towards the service of the nation.

To bring equitable development in its surroundings through higher education that combines global trends with value based nurturing for enlightening them.

## **MISSION :**

Providing quality education and achieving excellence in Higher education with a focus to uplift the society in future.

Inclusion of the local youth of the backward areas extending necessary platform for education and ensuring to them the participation of all stakeholders in the development process of the institution, bridging the hiatus between the teacher and the taught with academic acumen.

To dream together with reality to make the students aware of qualities latent in them and manifest them to perfection.

To grow the qualities of leadership, team spirit, magnanimity, morality and perfection among the students making them alert about all round development of the institution and by adopting the modern and updated knowledge in teaching learning process.

Optimal use of available human and natural resources for socioeconomic development providing job oriented knowledge of higher education for the development of the youth.

To create halcyon academic atmosphere that is pre-requisite to the excellence in the field of learning and culture.

To encourage the students to revive morality, sacrifice, spirituality and other human values in the modern age of consumerism and self aggrandizement.

To encourage all especially the women folk about their liberty and equality.

Making all the members of the society aware of human rights, culture, heritage ethics and cleanliness which are next to Godliness.

To encourage the students for engaging themselves in co-scholastic activities like joining in Activity club, participating in cultural programmes, Annual sports, Publishing wall magazines and college magazines.

Making provision for intellectual pursuits and sports.

Promotion of Humanitarian Ethos through

I) National Social Service Scheme (NSS).

ii) Free studentship to the needy students.

iii) To reach out to community.

## **Code of Ethics Policy Document**

1) Maintaining regular attendance by the students is the first and foremost criterion for a student to become eligible for appearing in the University examinations.

### **Following are the parameters in this regard :**

75% of the total class attendance is must for appearing at the concerned semester examination.

Those students having class attendance between 60-75% of the total classes held are allowed to appear at the concerned University examinations, subject to the payment of prescribed condonation fees and fulfillment of the other conditions laid down in the regulations.

A student having class attendance below 60% of the total classes held, is not allowed to appear for the concerned semester examinations. He/She is to pursue admission to the same semester in the very next year for attending the classes and appearing in the said semester examinations.

[Such class attendance is calculated from the date of commencement of classes or date of admission whichever is later.]

2) If a student is absent for more than two weeks without prior permission/information, his/her name is likely to be struck of the register.

3) Science students, who do not attend the theory classes regularly, shall not be permitted to attend practical classes.

4) For being sent up for the University examination a student must pass the college examination.

If any student becomes absent on medical ground he/she must produce a Medical certificate before the end of the examination or within three (03) days of its completion, to the Principal. But unless the student's record is very good such case is not considered on sympathetic ground.

5) Students must use and display visibly their identity cards during the college hours inside the campus. In case of loss of identity card a duplicate can be issued with the permission of the Principal and on payment of a fine of Rs. 100/-.

6) If a student fails to clear the fees within the notified date, he/she will have to secure readmission on payment of full fees again with the prior approval of the Principal.

7) Students' conduct must be orderly and polite. They are expected to treat the members of the staff and their fellow students with courtesy both in and out of the college.

8) Students must enter into the classes at the beginning of each period. They are strictly prohibited to enter or leave the classroom without permission.

9) Proper care must be maintained while treating the college property, furniture and library books.

10) Rules of conduct of examination placed on the Notice Board must be strictly observed.

11) Impersonation at roll-call is a punishable offence.

12) For important announcements the students are required to check the notice boards.

13) Students must be formally and decently dressed within the college campuses.

14) Severe punishment or **disciplinary actions are taken against those students who are indulged in smoking, chewing tobacco products, playing card, spitting and loitering.**

15) Use of mobile phones is strictly prohibited within the college campus (except common rooms and the canteen) and a fine of Rs. 500/- is imposed on the users, if used in the college campus other than the permitted areas.

16) **Anti-Ragging Rules :-**

Guidelines from the **Supreme Court** and the **University Grants Commission** (Regulation 2013) are the main driving forces for curbing the menace of ragging in higher educational institutions. Students are to abide by the anti-ragging rules that are in force in our campus. It is punishable offence for indulging in or abetment of ragging and it may lead to expulsion from the college.

# GREEN CAMPUS INITIATIVES

It has become an integral part of the modern day education system to follow the green campus initiatives. The educational institutions can act as pioneers in promoting these principles within society.

In order to support a sustainable and climate friendly environment a green campus program has been initiated by our college.

Environment awareness and education, the use of sustainable energy and energy efficient measures, comprehensive recycling and composting and green landscaping in the campus etc. are the main objectives of these initiatives.

Following are the practices of our college towards establishment and maintenance of green campus:-

## Waste Management

- Solid waste coming from garden, canteen and hostels are managed by carrying out vermicomposting.
- E-waste management is outsourced.
- The Liquid waste generated in laboratories are treated and recycled.

## Water Management

- Construction of rainwater harvesting system at the main campus of the college.
- Collection and recycling of the waste water for gardening and clearing purpose.
- To check unnecessary loss of water, regular inspection of taps and drainage system is made.

## Tobacco free campus

- The campus has been made as no smoking zone.

## Renewable energy

- Solar panels and solar light have been installed in the campus.
- Switching over to LED light (90%).

## Green Landscaping

- The campuses have been made green landscaping with trees and plants.
- Tree plantations by the students and staff of the college.

## Other Initiatives for Green campus of the college

### **1. Restricted entry of automobiles**

Due to shortage of space inside the college premises, entry of all types of automobiles inside the premises has been restricted by the college authority. An automobile cum bicycle stand has been constructed near "Rabindra Chhatrabas" campus near the college building.

### **2. Use of Bicycles/Battery powered vehicles**

College authority always promotes use of Bicycles or Battery operated vehicles by the staff and students. Nearly 90% of the student and 30% of the staff come to the college either by Bicycles or Battery operated vehicles.

### 3. Ban on use of Plastic

There is a complete ban on the use of non recyclable plastics, containers and other materials inside the college campus. Ecoclub of our college regularly monitors the above fact and guarantees the plastics which are used inside the campus are of permissible thickness as prescribed by the Government. Necessary notification has been made in this regard inside the college premises by the authority. Separate dustbins have been kept at several places inside the campus for disposing of the plastic wastes.

### 4. Landscaping with trees and Plants

College premises and the college attached student's hostel have been landscaped with several big trees like Debdaru (*Polyanthea longifolia*), Kaju (*Anacardia oxydentalis*), Mango (*Mangifera indica*), Bot (*Ficus benghalensis*) and other plants.

### 5. Seminars/webinars are arranged at regular intervals on environment pollution and remedial measures for the same by Eco-club and IQAC of the college.

- Green-audit is also made at regular intervals.

### 6. Special committee for Green campus

- A separate committee for Green campus or Eco-club is there in our college for monitoring various green campus initiatives.

### **Facilities for Differently abled (Divyangjan)**

Providing equal opportunities to everyone including persons with disabilities is the constant aim of this college. It emphasizes to provide a conducive environment where all are included for participating in any college activity or not subjected to any kind of discrimination.

### **Following are the measures as taken by the college for differently abled persons:-**

- Equal opportunities are ensured to differently abled students in various courses. As per the UGC guidelines a definite percentage of seats is reserved for them
- Scribe for writing exams (as per Bankura University guideline) are provided.
- Ramps and disabled friendly washrooms are provided at our main campus as well as new campus ensuring a barrier free environment for differently abled persons.

## Special Feature :-

The College conducts CAT (Certificate in Accounting Technician) and ICWAI Course, by the institute of Cost and Works accountants of India, Durgapur Chapter.

## FUTURE ACADEMIC VISION :

To create facilities for classical and modern faculties of study, the college authority always endeavours to seek approval from Bankura University and to provide with infrastructural facilities.

The College has a greater vision for the local knowledge - seeking people of the area by introducing more Post Graduate courses and relevant Certificate Courses after obtaining necessary permission from competent higher authorities.

## OTHER PROMOTIONAL / DEVELOPMENTAL ASPECTS

### 1. IQAC :

As per guidelines of NAAC, Bangalore, a cell named, 'Internal Quality Assurance Cell' (IQAC) has been formed as a post-accreditation quality sustenance measure comprising of Principal/ Teacher-in-charge, 3 senior administrative officers, 5 members from teachers, 2 members from college G.B, one member from local society. The objectives of IQAC are (i) to develop a system of conscious, consistent and catalytic action to improve the academic and administrative performance of the college and (ii) to assure the stakeholder connected with higher education about the quality of education provided by the institution. IQAC of the college has started functioning in this direction.

### 2. Grievance Redressal Cell :

This Cell has been set up and has been working to sort out emerging problems and inadequacies, if any, and tries to find out measures / steps for effective solutions. The G. R. Cell is composed of some teacher-members, some members of the non-teaching staff, the Librarian and the General Secretary of the Students' Council. The Principal/ Teacher-in-charge of the College will be the convenor of this Cell. This Cell meets different sections of the College community (like teachers, non-teaching staff and students) at regular intervals to find out their demands and aspirations. As such it becomes convenient to have ideas regarding probable grievances. This cell can suggest and / or take remedial measures for effective redressal of grievances in order to ensure healthy, smooth and proper development of the College.

### 3. Alumni Association :

This Association has been working and is being enriched day by day with the inclusion of newer members from among the alumni of the College. This forum gives the College an opportunity of feedback from its past successful students. The College can have scope for exchange of ideas regarding past, present and future scenario of the institution. The college can humbly approach the Association to come forward with all sagacity and magnanimity so as to contribute and help for its all round development.

### 5. Community Extension Programmes :

With the funding and sponsorship of the University Grants Commission, the College can involve a large number of students to participate in different extension programmes (e.g. Conducting literacy movement-specially in backward areas, organising social awareness camp like health consciousness, environment conservation etc.)

The concerned teachers of different departments work with all sincerity and honesty to organise, monitor and conduct all such activities. There is every scope for inviting guest-specialist personnel (having wide knowledge and experience in different socio-economic spheres) to help the students in successful implementation of the programmes.

### 4 Guardians' Cell :

A Guardian Cell consisting of a good no. of members from the guardians of the students has been formed. This cell gives the opportunity (i) to interact with the guardians regarding the performance of their wards (ii) to exchange views of development to the college and their wards, (iii) to give the knowhow of healthy practices for the development of the society.

**75% Class attendance is must in every semester for getting allowed for the each end semester Examination.**
